

Personal Information:

Name : Ahmed Sobhy Mahmoud Ismaiel
Date of Birth : 10 / 9 / 1988
Military status : Final exempt military service
The Address : Aboyasin / Abokbeer / Sharkia
Telephone : (01062119809 & 01201396109)
E-Mail Addresses : ahmedsobhyamkh800@gmail.com

Certificats:

College Certification : **B.Sc.** Degree in Electrical Engineering (power and machine dep) 2010 and Preliminary Master in Electrical Power .
University : Zagazig University .
The General Evaluation : Good (68.28%).
The Graduation Project : Reactive power control and optimization
The Project Evaluation : Excellent.

Qualifications:

Languages Skills:

Arabic: Mother Language(Very Good).
English: (Good).

Computer Skills:

- Good in Microsoft Office XP (Word, Excel).

The Previous Training:

1. I have been trained in Generation station of Electricity (in Talka)
2. I have been trained in Distribution station of Electricity (in Sharweda)

The Scientific Sessions:

- Course in programmable logic controllers (PLC).
- Motors Control.
- Extension and electrical wiring.
- AutoCAD.
- Training of Trainers(TOT).
- TOEFL Course from English For Specific Purposes Centre.
- Training course in Rationalization of energy consumption by using power factor improvement panel from using **Power Visa** and **Fluk** devices and how to design these panel of power factor improvement in The Holding Company for Potable Water and Sanitation .
- Indoor occupational health and safety course
- Chlorine leaks, safety and occupational health course

The Previous Experiance:

- Electrical power engineering in water station of tour Sinai in The Holding Company for Potable Water and Sanitation in South Sinai from septamber2010 to decamber2010.
- From decamber2010 to 1/9/2015 in Abo Rudis (**kilo 11 & kilo 29&P.s1&P.s2&P.s3&P.s4&EL Watya**) stations for pumping Nile water to Sant Katrien
- From 1/9/2015 until now work as **manager of drinking water and sanitation company in Abo Rudis city.**
- Operation and maintanance Desiel generators and power factor panels and water pumps.
- Work as trainer for engineers in the field of power factor improvement by using **Power Visa** device.
- Work as Trainer for engineers in the field of power factor improvement by using **Fluk** device.
- Installation and maintanence Electrical panels and Electrical cables.
- Supervisor of the process of substitution and renewal the electromechanical works in **Abo Rudis** water station.
- Operation and maintenance of sewage plants.
- Operation and maintenance waste water treatment plants.
- Design Electrical Panels.
- Installation and maintanence water line (pvc&hdpe).
- Chairman of the Occupational Saftey and Health Committee in the **drinking water and sanitation company in Abo Rudis city.**
- **Operation and maintenance of water desalination plants**
